European engineers emphasize green value of low-energy buildings

24 May 2010 10:11 GMT

... buildings in cold climates. Vice President of the Association of Italian Engineering Organizations Raffaele **Gorjux** said making buildings more efficient isn't just about using new technology, either. Often, he ...

European Union goals to cut energy consumption by 20 percent across the bloc has led to an emphasis on efficiency - not just in homes, but in office buildings, shopping malls, and other structures.

24 May 2010 13:11 GMT

... buildings in cold climates. Vice President of the Association of Italian Engineering Organizations Raffaele **Gorjux** said making buildings more efficient isn't just about using new technology, either. Often, he ...
